

BEVERAGE PACKAGING MANUFACTURER

BARRIER CAP LINER

AVIENT SOLUTION

Versaflex™ PKG Thermoplastic Elastomers

WHY AVIENT?

- Enabled compliance with stringent shelf-life requirements and regulatory coordination
- Developed tailored solutions for both PP and HDPE closures, ensuring consistent seal integrity across formats
- Optimized aseptic functionality and provided oxygen permeation testing on material and full package assembly

LEARN MORE

KEY REQUIREMENTS

- Enable oxygen barrier for product integrity
- Deliver leak-resistant seal
- Provide a Shore A 45 – 50 hardness range for high removal torque
- Support GB, EU, and FDA compliance
